is a trying time of the year

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and by using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to "breathe freely," which means perfect health.

The best soap to use for the bath and tollet is Picard's Complexion Soap, a non-injurious, healthful soap.

Talcum powder keeps the skin cool, allays heat rash, stops chaffing and is an excellent tollet requisite. We have a number of kinds.

NOTICE

To the People of Maysville:

All persons in Maysville must bold themselves responsible for any weakness or suffering caused from old age, chronic coughs or colds, bronchitis, weak lungs, run-down conditions, stomach troubles, nervousness or poor blood when we are willing to sell them the real cod liver preparation, Vinol, and return their money if it does not benefit.

The reason Vinol is so successful in restoring health and creating strength is because it contains in addition to tonic iron all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but without oil or grease to upset the stomach and retard its son, Dr. R. M. Skiener, at Flemingsburg this its work.

Unlike old-fashioned cod liver oil and emulsions, it is deliciously palatable, agreeable to attended Circuit Court at Flemingsburg Wed- the weakest stomach, therefore, unequalled as a strength creator and tonic reconstructor.

Our local druggist, J. C. Pecor, says: "It is because we know so well of what Vinol is made that we ask every run-down, nervous, debilitated, aged or weak person in Maysville, Rev. Maurice Waller spent Tuesday with and every person suffering from stubborn ient consumption to try Vinol on our guarantee." J. C. PECOR, Druggist, Maysville, Ky.

I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since. "I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C.— gave her up and then I went to C.— I and got viate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him inforty years.
